

What in the wild lives here?

Key Vocabulary:

Compass	A device used for navigation and direction
Map	A representation of an area of land or sea showing features
Fieldwork	Practical work conducted by researchers
Insect	A small animal with 6 legs and usually one or two pairs of wings
Animal	A living creature
Mammal	An animal that has warm blood and live young
Survey	Look closely at or examine something
Wildlife	The native animals and plants of an area

Key Knowledge and skills:

This term is our fieldwork unit. We will be learning how to be excellent geographers. We will be using compasses to find out way and following directions on a map. We will be learning all about the wildlife that lives near our school and about our existing local area.

Animal surveys

Animal detectives

Minibeasts

Bird Feeders

Going on a welly walk!
